

As scientists, we will understand 'Evolution and Inheritance'. We will look at how plants and animals have adapted to live in their environments, as well as understanding what natural selection and inheritance is.

We will have Forest School with Mr Goldsmith on Friday mornings. Make sure you have clothing suitable to the weather!

Y6 will complete their SATs tests this term, and we are so proud of all the hard work they've put in so far!

This term, children will audition for our play and we will begin learning the songs. We are very excited!

In music we will explore the unit, 'Eco Warriors'. We will listen to a song called 'Global Warming', which we will learn to sing in 2 parts. We will research some of the issues that are brought up in the song to help us write our own lyrics.

Primary School**
Believe and Achieve

As readers, we will enjoy reading 'Floodland' by Marcus Sedgwick. We will work on improving our creative writing by using 'show, don't tell' language and a range of sentence types.

We will also write formal letters to the local government about saving the environment.

As mathematicians, we will finish exploring shape, including regular and irregular polygons, circles and 3-D shapes.

We will also look at position and direction, including translation, reading and plotting coordinates, reflections and lines of symmetry.

In art we will look at Georgia O'Keefe's mountains and JMW Turner's seascapes. We will create our own work in their style.

In RE we will be exploring what it means for Christians to believe God is holy and loving. In PSHE we will be thinking about different relationships.

As geographers, we will look at both the physical and human geography of rivers, mountains and coasts, using atlases and maps.

In PE, we will focus on athletics with The Brighton and Hove Foundation on Wednesdays and will have Forest School on Fridays.

In computing, we will recap e-safety, and use technology to produce posters and PowerPoints to remind the rest of the school how to be safe online.

Badgers

Term 5 2025

Rivers, Mountains and Coasts

What's so special about our 'green and pleasant land'?

Our Learning Concepts

Beauty, spirituality, influence, choice, responsibility, well-being.

Golden Thread
